## 100 TRAVEL, RESORT, AIRLINE & EXPERIENCE PRIZE PARTNER TARGETS

All-Inclusive Resorts • Airlines • Cruises • Hotels • Travel Platforms • Theme Parks • Tours & Experiences

**Primary objective:** Secure high-value **IN-KIND** experiences that can strengthen Student Impact Challenge prizes without requiring the nonprofit to pay the full retail cost. A central opportunity is the first-place teacher award: an **all-inclusive vacation for two plus airfare**. The outreach should therefore be specific about the contribution being requested.

**Important:** These are prospecting targets only. Inclusion does not imply affiliation, endorsement, available inventory, donation eligibility or confirmed participation. Fellows must verify current charitable-giving, sponsorship and certificate policies before outreach. Any prize terms, taxes, blackout dates, transfer restrictions, age requirements, passports/visas, fees or travel conditions must be reviewed by program leadership before being promised to a winner.

## Recommended Teacher Grand Prize Partnership Structure

**Resort Partner:** Ask for a 4–7 night stay for two, ideally all-inclusive where applicable.

**Airline Partner:** Ask for two round-trip tickets or a travel certificate sufficient for the destination.

**Experience Partner:** Where useful, add attraction, tour or excursion passes.

Do not promise “Official Partner,” naming rights, logo placement, destination, room category, travel dates or retail value until leadership has an approved written agreement.

## How Fellows Should Position the Ask

The first outreach should explain that the program is recognizing educators as well as students and schools, and that the first-place teacher award is intended to celebrate the educator behind student participation. For travel companies, a concrete prize request is generally stronger than a vague request for sponsorship. Fellows should ask whether the company has a community-giving, certificate, charitable travel or partnership process and offer to provide the approved program overview.
