

DOCUMENT 22

222 ENVIRONMENT, FAITH, GAMING, FASHION, TECHNOLOGY, MEDIA & MUSIC PARTNER TARGETS

Recycling • Farming • Trees • Landscaping • Funeral/Community • Faith • Gaming • Aerospace • Fashion • Tech • Tires • Photo/Video • Social • Music

Purpose: Give Student Fellows a broad but strategic prospect universe. The key is not simply “contact companies.” Fellows should understand **why each organization fits** and make an ask that matches its business, mission, community role or product.

Important: These are prospecting targets, not confirmed partners. Verify current official contacts, programs and eligibility. Faith organizations should be approached as inclusive community-awareness partners, not commercial advertisers. Funeral organizations require respectful, non-sales-oriented outreach. Aerospace/defense firms should be approached around engineering, cybersecurity, robotics, careers and STEM—not weapons. Fellows must never imply endorsement or partnership before written confirmation.

RECYCLING, WASTE & ENVIRONMENTAL SERVICES

#	P	Organization	Who to Contact	WHY THEY FIT	WHAT TO ASK FOR

222	B	Gibson	Community / Partnerships / Social Impact	Music technology, distribution & live experiences	Experiences, speakers, awareness, equipment/cash

How Fellows Should Use This Document

1. Research the organization before emailing. 2. Find the correct community, social-impact, education, foundation, partnerships or local leadership contact. 3. Use the WHY THEY FIT column to personalize the opening. 4. Use WHAT TO ASK FOR as the starting point—not a promise. 5. Record the contact, email, phone, date, response and follow-up date in the outreach tracker. 6. Escalate sponsorship amounts, contracts, exclusivity, naming rights, celebrity/artist involvement, product endorsements or unusual requests to leadership.

Special Category Guidance

Environment/landscaping: strong alignment with community improvement; seek cleanups, trees, plants and beautification. **Faith:** seek inclusive awareness, family reach and youth participation; participation must never depend on religion. **Gaming/tech:** emphasize creativity, coding, AI, digital safety and careers. **Fashion:** emphasize entrepreneurship, design, retail and appropriate prizes. **Photo/video/social:** emphasize storytelling and documenting student impact. **Music:** seek career exposure, speakers, studio/live experiences and awareness. **Funeral/memorial:** approach sensitively through community-relations or scholarship channels only.
