140 DRIVER EDUCATION, AUTO DEALERSHIP, HVAC, SKILLED-TRADE & LAW-FIRM PARTNER TARGETS

Road Safety • Dealerships • HVAC • Plumbing • Electrical • Skilled Trades • Personal-Injury Law • Auto Service

Purpose: Give Student Fellows a practical prospecting list with a strong emphasis on **local sponsorship, road safety, skilled-trade career pathways, entrepreneurship and professional mentorship**. These categories can produce both financial support and real-world career exposure.

Important: These are prospecting targets, not confirmed partners. Fellows must verify current official contacts and programs. Driver education must be age-appropriate; younger students should receive pedestrian/bicycle/road-safety education rather than driving instruction. Law-firm participation must be framed as community, scholarship, road-safety or legal-career support—not solicitation of accident clients from students or families.

DRIVER EDUCATION, DEFENSIVE DRIVING & ROAD SAFETY

#	P	Organization	Who to Contact	WHY THEY FIT	WHAT TO ASK FOR

140	B	CARSTAR	Community / Partnerships / Local Leadership	Automotive careers, road safety and local service	Cash, services/prizes, career exposure, road-safety support

Fellow Strategy

Dealerships: prioritize local general managers, dealer principals, marketing directors and community-relations contacts. A dealership may be able to approve a local sponsorship faster than a national corporation. **HVAC/plumbing/electrical:** emphasize that entrepreneurship and wealth-building also happen through skilled trades; ask for scholarships, tools, speakers and career exposure. **Driving/road safety:** tailor the program to age and eligibility. **Law firms:** focus on scholarships, community support, road safety and legal careers. Never allow student contact information to be used for legal-client solicitation.

Suggested Sponsorship Approach

For appropriate local commercial prospects, fellows can open conversations around a **Community Partner** or **Student Opportunity Sponsor** and then escalate financial discussions to leadership. Example internal targets might include \$2,500 local support, \$5,000 sponsorship and \$10,000+ major support, but fellows must not quote or promise a sponsorship package unless leadership has approved the current benefits and terms.

Potential Career Experiences

Possible approved experiences include dealership operations tours, automotive technician demonstrations, HVAC/building-systems career sessions, plumbing/electrical trade talks, entrepreneurship discussions with local contractors, road-safety workshops and attorney-led introductions to legal careers. Internships/apprenticeships for older students must follow age, labor, safety and employer requirements.
