

DOCUMENT 33

THE FIRST 500 ORGANIZATIONS TO CONTACT

Priority Outreach Master List • Student Impact Challenge

Purpose: Convert the full prospect library into an executable first-wave plan. These 500 organizations are ranked for early outreach based on strategic value, likely funding/in-kind potential, student reach, media value, STEM/career alignment, New York relevance and the priority levels assigned in the earlier prospect documents.

Important: This is an internal prioritization tool—not a statement that any organization is affiliated with the program. Fellows must verify the current organization, appropriate contact, official giving/community program and fit before outreach. Leadership must review Executive Priority outreach before it is sent.

OUTREACH WAVES

Rank	Wave	Owner	Operating Rule
1–50	EXECUTIVE PRIORITY	Leadership + Fellow Research	Major funders, national brands, major NY institutions and high-leverage partners.
51–150	HIGH PRIORITY	Fellow + Leadership Review	Strong funding, prize, media, STEM and distribution prospects.
151–300	STANDARD PRIORITY	Fellow	Qualified personalized outreach using the standard operating process.
301–500	EXPANSION PIPELINE	Fellow	Second-wave prospects after early responses and conversion data are available.

HOW TO USE THIS LIST

1. Assign an owner before contact. **2.** Verify the correct current decision-maker and official contact channel. **3.** Confirm the primary ask fits the organization. **4.** Personalize the message. **5.** Log the outreach in the Master CRM. **6.** Follow the Document 28 follow-up sequence. **7.** Escalate meetings, sponsorship discussions, contracts, significant in-kind offers, naming rights, media commitments, tax documents or other leadership-level matters.

SUCCESS MEASURE

The goal is not to complete all 500 as quickly as possible. The goal is to create **qualified conversations and confirmed support**. Leadership should review results after the first 50 and first 150 contacts, then adjust later waves based on response rate, meetings, sponsorship potential, in-kind value and student reach.
