100 CORPORATE, MEDIA, SPORTS & SPONSOR TARGETS

Student Impact Challenge (S.I.C.) - Strategic Prospecting List

How to use this list: Priority A = contact first; Priority B = strong secondary prospect; Priority C = pursue after higher-priority opportunities. The fellow must research the current appropriate contact and verify fit before sending outreach. Inclusion on this list does **not** mean an organization is affiliated with or has agreed to support the challenge.

A	Highest priority - strong alignment and/or high strategic value.
B	Strong prospect - pursue after or alongside A targets.
C	Useful prospect - pursue selectively after research.

Fellow Research Requirement Before Contact

For every prospect, confirm the organization still operates the relevant department/program, identify the best current decision-maker, find one recent community-impact activity to personalize the message, choose one initial ask, and enter the prospect in the outreach tracker. Do not send generic mass outreach.
