75 PROFESSIONAL SERVICES & BUSINESS LEADERSHIP PARTNER TARGETS

Law • Accounting • Consulting • Real Estate • Engineering • Communications • Insurance • Investment • Professional Associations

Purpose: Build relationships with professional organizations that can contribute expertise, mentors, judges, career exposure, scholarships, sponsorship, workshops, professional experiences, and where appropriate, pro-bono support to the Student Impact Challenge.

Priority A = research/contact first. **Priority B** = strong secondary prospect. Every organization must be researched before outreach. Inclusion does not imply affiliation, endorsement, or current support.

How to Position Professional Organizations

Do not approach every professional firm simply for money. Depending on the organization, the strongest opening may be professional mentorship, a student workshop, judges or subject-matter experts, career exposure, a scholarship category, an office visit, entrepreneurship education, or an introductory sponsorship conversation. Formal pro-bono legal or professional work must be discussed and approved by program leadership.
