## 100 FRAGRANCE, FOOD & HOUSEHOLD CONSUMER BRAND PARTNER TARGETS

Fragrance • Food & Beverage • Household-Name Food Brands • Cleaning • Family Essentials

**Purpose:** Expand Student Impact Challenge outreach into consumer industries that reach families every day. Targets are classified as **CASH**, **IN-KIND**, or **BOTH**. Parent-company relationships are included so fellows know when a familiar brand should be approached through a larger corporate community-impact team.

**Important:** Inclusion does not imply affiliation, endorsement, funding availability or a current giving program. Fellows must verify current corporate ownership, programs, eligibility and decision-makers before outreach. Food/product donations must be appropriate for the program and distribution setting.

### FRAGRANCE, PERFUME & LUXURY BEAUTY

| #  | Pri. | Brand / Company                      | Parent       | Who to Find                                   | Type    | Angle                                           |

## Strategic Outreach Notes

**Fragrance:** Lead major parent companies with creativity, chemistry/science, product development, branding, entrepreneurship and career exposure. Product gifting should be secondary and age-appropriate.

**Food:** Major parent companies can be approached for financial sponsorship, food access/community impact and student opportunity. Individual brands are often stronger for products, event support and prizes.

**Household:** The “Leave It Better Than You Found It” theme creates a natural opening around cleaner homes, cleaner neighborhoods, sustainability, family wellbeing and community improvement. A potential approved concept is a **Clean & Better Communities Award**.

## Parent Company Rule

Do not send separate generic emails to ten brands owned by the same corporation without research. First determine whether sponsorship/community decisions are centralized at the parent company or managed by individual brands. Record the relationship in the outreach tracker to prevent duplicate outreach.
