90 HEALTH INSURANCE, SAFETY PRODUCTS & AWARDS/RECOGNITION PARTNER TARGETS

Health Plans • Choking/CPR/AED Safety • First Aid • Trophies • Medals • Crystal Awards • Printing & Engraving

Purpose: Give Student Fellows a focused list of organizations that can support the Student Impact Challenge through **cash sponsorship, community-health awareness, safety education, approved equipment, training, medals, trophies, plaques, certificates, engraving and event recognition materials**. The goal is to ask each organization for the contribution that best matches what it already does.

Safety rule: Fellows must not make medical claims, recommend one emergency device over another, provide medical instructions, or promise that any safety product will be distributed or used. Any choking-response, CPR, AED, first-aid or medical-safety partnership must be reviewed and approved by program leadership before activation.

HEALTH INSURANCE, BENEFITS & HEALTH PLANS

#	Pri.	Organization	Who to Find	Type	WHAT TO ASK FOR
1	A	UnitedHealthcare	Community & State / Foundation	CASH	Cash sponsorship; community-health education

89	B	Canva Print	Education / Partnerships	IN-KIND	Approved printed recognition/event materials
90	B	MOO	Corporate / Partnerships	IN-KIND	Premium print materials and certificates

Fellow Strategy: Ask for What They Already Make

Health insurers: prioritize cash sponsorship, community-health education, family awareness and career exposure. **Safety companies:** ask about approved equipment, educational partnerships or training support; route all technical/medical discussions to leadership. **Award companies:** ask for the actual awards — medals, trophies, plaques, crystal awards, engraving and presentation boxes — instead of defaulting to a cash request. **Print/sign companies:** ask for winner boards, certificates, banners, step-and-repeat/event signage and presentation materials.

Potential Recognition Partner Package

A future approved package could include an **Awards & Recognition Partner** that supplies finalist medals, student winner trophies, teacher awards, school recognition pieces, engraving and presentation packaging. Fellows must not promise “Official Partner,” logo placement, exclusivity or naming rights until leadership approves a written agreement.
