129 MARINE, MOBILITY, ENTERTAINMENT, CONFECTIONERY, VISION & HAIR PARTNER TARGETS

Cruises • Boats • Scooters • Bicycles • Movie Studios • Theaters • Candy • Eyewear • Contacts • Hair & Barber

Purpose: Give Student Fellows a broad prospecting list of companies that can contribute **cash, prizes, travel, experiences, products, STEM/career exposure, creative-industry access and community awareness**. Fellows should match the ask to what each company naturally provides rather than sending the same sponsorship request to every prospect.

Important: These are prospecting targets only, not confirmed partners. Fellows must verify current programs, eligibility, official contacts and giving policies. For cruises, boats, scooters, bicycles and other activities, leadership must review age, safety, supervision, travel, insurance and eligibility requirements before any prize or experience is promised. Vision/contact-lens outreach is educational/partnership outreach only; fellows must not provide medical advice or promise clinical products/services.

CRUISE LINES & VACATION AT SEA

#	Pri.	Company	Who to Find	Type	WHAT TO ASK FOR
1	A	Royal Caribbean International	Community / Partnerships	EXPERIENCE	Cruise for two, teacher prize, winner experience

128	A	Dyson Beauty	Community / Education	IN-KIND	Hair technology, engineering/design careers
129	B	Paul Mitchell	Schools / Community	BOTH	Beauty education, products, career pathways

Fellow Strategy by Category

Cruises: prioritize a teacher/winner travel certificate or experience; clarify age and guest restrictions. **Marine:** emphasize STEM, manufacturing, navigation and careers rather than promising water activities. **Bikes/scooters:** ask for products, mobility education, road-safety support or cash sponsorship. **Movie studios/theaters:** seek screenings, creative-career exposure, speakers and winner experiences. **Candy:** emphasize entrepreneurship, manufacturing, food science and approved event support—not increased consumption by children. **Eyewear/contacts:** focus on vision science, design, access and careers. **Hair/barber:** combine products/equipment with entrepreneurship and career pathways.

Potential Leadership-Level Concepts

Possible future concepts include a **Creative Storytelling & Media Award**, **Mobility & Safer Streets Award**, **Vision & Innovation Award**, or **Beauty Entrepreneurship & Career Award**. Fellows may not promise naming rights, exclusivity, product endorsements or logo placement without leadership approval.
