135 EDUCATION, CULTURE, BOOKS, BACKPACKS, SCHOOL SUPPLIES & WATCH PARTNER TARGETS

Libraries • Museums • Science Centers • Zoos • Publishers • Bookstores • Backpacks • School Supplies • Watches • Wearables

Purpose: Give Student Fellows a prospecting list that expands the Student Impact Challenge beyond cash sponsorship. These organizations can help through **community awareness, educational experiences, books, backpacks, school supplies, student/teacher prizes, technology and career exposure.**

Core rule: Match the request to the organization. Libraries are primarily awareness/community-access partners; museums and cultural institutions are experience/education partners; publishers and bookstores can provide books; backpack and school-supply brands can provide student prize packages; watch and wearable companies can provide prizes, STEM/design experiences or sponsorship.

Fellow Strategy by Category

Libraries: ask them to help students discover the challenge—flyer placement, newsletters, youth/family programming, information sessions and approved space. **Museums/science centers:** ask for educational passes, workshops, speakers, tours or finalist experiences. **Publishers/bookstores:** ask for books, gift cards, author/industry experiences and reading resources. **Backpack/school-supply brands:** ask for concrete quantities such as finalist backpacks or student supply kits. **Watch brands:** ask for age-appropriate winner/teacher prizes and design/manufacturing exposure. **Wearables:** ask for technology prizes or STEM experiences; leadership must review eligibility, privacy/account requirements and age restrictions before a wearable is promised to a minor.

Suggested In-Kind Packages

Examples leadership could pursue: **Finalist Backpack Package** — backpack + school supplies + books; **Student Learning Library** — curated books for winners/schools; **Culture & Discovery Experience** — museum/science-center passes; **Teacher Recognition Watch** — an appropriate timepiece for an educator winner. Fellows may not promise exclusivity, naming rights, product endorsements or logo placement without approval.
