

DOCUMENT 44

TOP 25 EXECUTIVE ACCOUNT BRIEFS & FIRST-CONTACT STRATEGY

90-Day \$1 Million Sponsorship Campaign - Executive Pursuit Playbook

Purpose: Turn the Top 25 targets from Document 43 into executive-ready account strategies. These briefs define the working ask, strongest strategic angle, department to research, first-contact approach, fallback path, likely obstacle and leadership role.

Important: This is a strategic planning document. Corporate priorities, grant windows, staff, eligibility and sponsorship pathways change. Fellows must verify current official information before outreach and must never represent a planning ask as an available grant.

FIRST CONTACT SHOULD WIN THE CONVERSATION - NOT TRY TO CLOSE THE ENTIRE SPONSORSHIP.

EXECUTIVE ACCOUNT RULES

- Top 25 accounts receive customized research before outreach.
- Use a warm introduction before cold outreach when a credible relationship path exists.
- First contact should establish relevance and request a short conversation or correct pathway.
- Do not attach every document. Send only the material needed for that stage.
- Any \$100K+ proposal receives leadership review before delivery.
- Every substantive response is logged in the CRM the same day with a next action and date.
- Cash and in-kind opportunities remain separate in reporting.

1. JPMorganChase

Sector	Score / Tier	Primary Planning Ask
Finance	96 / A	\$150K-\$250K

Strategic fit: Financial health, personal-finance education, entrepreneurship and New York community opportunity.

Department / team to research: Corporate Responsibility / Community Impact / Community Banking

First-contact strategy: Position the Challenge as a statewide youth problem-solving + financial capability platform. Ask for a meeting, not a check in the first touch.

Secondary path: \$75K-\$150K + financial-literacy activation

Likely obstacle: Large institution; routing and budget cycle may be complex.

Leadership role: Founder joins first qualified executive meeting.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

2. Microsoft

Sector	Score / Tier	Primary Planning Ask
Technology / AI	95 / A	\$150K-\$250K

Strategic fit: AI literacy, educators, nonprofit capacity, workforce readiness and future skills.

Department / team to research: Corporate Responsibility / Microsoft Elevate / Education

First-contact strategy: Lead with students using AI responsibly to solve real community/business problems and the opportunity to equip educators and students.

Secondary path: \$75K-\$150K + technology/AI education support

Likely obstacle: May prioritize established programs or specific eligibility lanes.

Leadership role: Founder/executive strategy before major proposal.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

3. Google / Google.org

Sector	Score / Tier	Primary Planning Ask
Technology / AI	94 / A	\$150K-\$250K

Strategic fit: AI opportunity, skills, education, workforce readiness and community access.

Department / team to research: Google.org / Social Impact / Education

First-contact strategy: Frame as youth AI + problem-solving + economic opportunity; request fit conversation and correct funding/partnership pathway.

Secondary path: \$75K-\$150K + AI learning resources

Likely obstacle: Grant pathways can be program-specific or invitation-led.

Leadership role: Founder enters once pathway/interest is validated.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

4. Verizon

Sector	Score / Tier	Primary Planning Ask
Telecom	94 / A	\$150K-\$250K

Strategic fit: Digital inclusion, STEM, youth skills and strong New York market relevance.

Department / team to research: Responsible Business / Verizon Innovative Learning / Community Engagement

First-contact strategy: Connect the Challenge to digital skills, AI readiness and equitable student access; explore cash plus connectivity/device activation.

Secondary path: \$75K-\$150K + devices/connectivity

Likely obstacle: May route toward existing education platforms.

Leadership role: Founder joins strategic meeting; fellows research local/national path.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

5. IBM

Sector	Score / Tier	Primary Planning Ask
Technology / AI	93 / A	\$100K-\$250K

Strategic fit: AI, SkillsBuild, transformative education, workforce development and New York roots.

Department / team to research: Corporate Social Impact / IBM SkillsBuild / Education

First-contact strategy: Position students as emerging problem-solvers learning AI, entrepreneurship and workforce skills through real community challenges.

Secondary path: \$75K-\$150K + SkillsBuild/mentors

Likely obstacle: Formal grant/RFP opportunities may have narrow requirements.

Leadership role: Founder for \$100K+ discussion.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

6. Bank of America

Sector	Score / Tier	Primary Planning Ask
Finance	92 / A	\$100K-\$200K

Strategic fit: Youth leadership, economic mobility, workforce development and community investment.

Department / team to research: Local Market Leadership / Community Relations / Philanthropic Strategy

First-contact strategy: Lead with youth leadership and economic mobility; request a NY market conversation around supporting students and schools.

Secondary path: \$50K-\$100K + financial education/mentors

Likely obstacle: Published grant windows/eligibility may constrain immediate route.

Leadership role: Founder activates warm/local executive paths.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

7. Capital One

Sector	Score / Tier	Primary Planning Ask
Finance	91 / A	\$100K-\$200K

Strategic fit: Financial well-being, workforce readiness, entrepreneurship and community opportunity.

Department / team to research: Community Impact / Corporate Affairs

First-contact strategy: Frame the Challenge as building financial confidence, entrepreneurship and real-world skills through community problem-solving.

Secondary path: \$50K-\$100K + financial education

Likely obstacle: Need to verify current geography/program eligibility.

Leadership role: Leadership after qualified engagement.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

8. Citi / Citi Foundation

Sector	Score / Tier	Primary Planning Ask
Finance	91 / A	\$100K-\$200K

Strategic fit: Youth employability, financial inclusion, economic opportunity and New York presence.

Department / team to research: Citi Foundation / Community Investing / Public Affairs

First-contact strategy: Lead with youth employability and economic opportunity; ask for the correct partnership pathway and a short discovery meeting.

Secondary path: \$50K-\$100K + skills/financial inclusion activation

Likely obstacle: Foundation programs can be competitive and defined by specific initiatives.

Leadership role: Founder for executive/foundation meeting.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

9. American Express

Sector	Score / Tier	Primary Planning Ask
Finance	90 / A	\$100K-\$200K

Strategic fit: Leadership, small business, community, entrepreneurship and New York headquarters.

Department / team to research: Corporate Sustainability / Community Giving / Small Business

First-contact strategy: Connect students interviewing businesses and proposing solutions to entrepreneurship, leadership and thriving local commerce.

Secondary path: \$50K-\$100K + small-business mentors/experiences

Likely obstacle: Need to avoid implying sponsorship availability without verified pathway.

Leadership role: Founder-led opening where warm access exists.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

10. MetLife / MetLife Foundation

Sector	Score / Tier	Primary Planning Ask
Insurance	90 / A	\$100K-\$200K

Strategic fit: Financial health, resilient communities and New York relevance.

Department / team to research: MetLife Foundation / Community Impact

First-contact strategy: Use the official inquiry/alignment route; position youth financial health, resilience and community problem-solving.

Secondary path: \$50K-\$100K + financial wellness support

Likely obstacle: Foundation does not review unsolicited partnership proposals; pathway discipline is critical.

Leadership role: Founder after inquiry generates fit/interest.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

11. Amazon / AWS

Sector	Score / Tier	Primary Planning Ask
Technology	90 / A	\$100K-\$200K

Strategic fit: Cloud, AI, STEM, workforce skills and entrepreneurship.

Department / team to research: AWS Social Impact / Education / Community Engagement

First-contact strategy: Lead with AI/STEM problem-solving and workforce readiness; explore cash plus cloud/skills support.

Secondary path: \$50K-\$100K + cloud credits/mentors

Likely obstacle: Multiple business units; account coordination required.

Leadership role: Leadership identifies best business unit before proposal.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

12. Salesforce

Sector	Score / Tier	Primary Planning Ask
Technology	89 / A	\$100K-\$200K

Strategic fit: Education, nonprofit technology, workforce skills and employee engagement.

Department / team to research: Global Impact / Philanthropy / Education

First-contact strategy: Position the Challenge as a scalable youth opportunity platform with measurable participation and employee mentoring potential.

Secondary path: \$50K-\$100K + technology/volunteers

Likely obstacle: May prefer established education/nonprofit partnerships.

Leadership role: Founder joins after fit is validated.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

13. PepsiCo / PepsiCo Foundation

Sector	Score / Tier	Primary Planning Ask
CPG	89 / A	\$100K-\$200K

Strategic fit: Youth, food systems, community, workforce and New York headquarters.

Department / team to research: PepsiCo Foundation / Community Impact / Corporate Affairs

First-contact strategy: Connect community problem-solving to families, food access, entrepreneurship and local economic opportunity.

Secondary path: \$50K-\$100K + products/experiences

Likely obstacle: Need a precise program angle rather than generic youth sponsorship.

Leadership role: Founder/executive outreach for flagship ask.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

14. Mastercard

Sector	Score / Tier	Primary Planning Ask
Payments	89 / A	\$100K-\$200K

Strategic fit: Financial inclusion, digital economy, entrepreneurship and NY-area presence.

Department / team to research: Center for Inclusive Growth / Sustainability / Community

First-contact strategy: Lead with financial capability, digital commerce and student entrepreneurship; request an alignment meeting.

Secondary path: \$50K-\$100K + financial/digital skills

Likely obstacle: Philanthropic pathways may be initiative-specific.

Leadership role: Founder joins major conversation.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

15. Visa

Sector	Score / Tier	Primary Planning Ask
Payments	88 / A	\$100K-\$200K

Strategic fit: Financial literacy, digital commerce and small-business capability.

Department / team to research: Social Impact / Community Relations / Financial Education

First-contact strategy: Frame student business interviews as a bridge to financial literacy, entrepreneurship and stronger local commerce.

Secondary path: \$50K-\$100K + financial education

Likely obstacle: Need to verify current giving route and geography.

Leadership role: Leadership on qualified \$75K+ opportunity.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

16. Accenture

Sector	Score / Tier	Primary Planning Ask
Professional Services	88 / A	\$100K-\$150K

Strategic fit: AI, skills, workforce development, entrepreneurship and consulting expertise.

Department / team to research: Corporate Citizenship / Skills / Social Impact

First-contact strategy: Lead with future workforce and AI-enabled problem-solving; offer employee mentors as a secondary activation.

Secondary path: \$50K-\$100K + mentors/skills workshops

Likely obstacle: May value skills activation more than traditional sponsorship.

Leadership role: Founder/executive joins strategic proposal.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

17. Deloitte

Sector	Score / Tier	Primary Planning Ask
Professional Services	87 / A	\$100K-\$150K

Strategic fit: Education, workforce readiness, business skills and pro bono expertise.

Department / team to research: Purpose / Community Impact / Deloitte Foundation

First-contact strategy: Position as a youth leadership and workforce pipeline with measurable problem-solving outcomes.

Secondary path: \$50K-\$100K + mentors/pro bono expertise

Likely obstacle: Potentially long internal review; find local office champion.

Leadership role: Founder joins qualified executive meeting.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

18. New York Life

Sector	Score / Tier	Primary Planning Ask
Insurance	87 / A	\$100K-\$150K

Strategic fit: Youth, education, community and New York headquarters.

Department / team to research: New York Life Foundation / Community Engagement

First-contact strategy: Lead with youth opportunity, education and community impact; request a fit conversation around students/schools.

Secondary path: \$50K-\$100K + financial/career education

Likely obstacle: Foundation priorities must be verified against current program.

Leadership role: Founder for NY executive relationship.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

19. Northwell Health

Sector	Score / Tier	Primary Planning Ask
Healthcare	87 / A	\$75K-\$150K

Strategic fit: New York youth, healthcare careers, community health and workforce.

Department / team to research: Community Relations / Corporate Social Responsibility / Workforce

First-contact strategy: Position the Challenge as a way to expose students to health careers and solve community health/access problems.

Secondary path: \$50K-\$75K + career experiences/mentors

Likely obstacle: Healthcare sponsorship may require clear health-specific activation.

Leadership role: Founder joins first substantive partnership meeting.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

20. Delta Air Lines

Sector	Score / Tier	Primary Planning Ask
Airline	86 / A	\$75K-\$150K

Strategic fit: Education, workforce readiness, travel, career exposure and winner/teacher recognition.

Department / team to research: Community Engagement / Corporate Partnerships

First-contact strategy: Lead with youth career readiness and transformative winner/teacher experiences; cash first, airfare second.

Secondary path: \$50K-\$75K + airfare

Likely obstacle: Airline community budgets and in-kind processes can differ.

Leadership role: Founder joins if cash or major travel partnership develops.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

21. T-Mobile

Sector	Score / Tier	Primary Planning Ask
Telecom	86 / A	\$75K-\$150K

Strategic fit: Connectivity, digital inclusion, youth and community programs.

Department / team to research: Community Impact / Corporate Responsibility

First-contact strategy: Connect student access, digital skills and community problem-solving; request a NY partnership conversation.

Secondary path: \$50K-\$75K + connectivity/devices

Likely obstacle: Need current program/pathway verification.

Leadership role: Leadership after positive engagement.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

22. Target

Sector	Score / Tier	Primary Planning Ask
Retail	86 / A	\$50K-\$100K broader path

Strategic fit: Youth development, workforce development, community and national retail reach.

Department / team to research: Community Engagement / Corporate Responsibility

First-contact strategy: Use current Community Engagement Funds grant as one immediate lane while separately exploring a broader partnership through appropriate corporate contacts.

Secondary path: \$1K-\$15K current grant + products/gift cards

Likely obstacle: Do not confuse the published small-grant lane with a larger corporate sponsorship.

Leadership role: Leadership only for broader partnership; fellow handles grant lane.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

23. Walmart / Walmart.org

Sector	Score / Tier	Primary Planning Ask
Retail	85 / A	\$75K-\$150K

Strategic fit: Community opportunity, workforce, education and broad family reach.

Department / team to research: Walmart.org / Community Relations

First-contact strategy: Lead with scalable student/community impact and workforce opportunity; identify whether national or local giving route fits.

Secondary path: \$25K-\$75K + products/gift cards

Likely obstacle: Multiple giving programs and geographic rules.

Leadership role: Leadership for national/major ask.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

24. NVIDIA

Sector	Score / Tier	Primary Planning Ask
Technology / AI	85 / A	\$100K-\$200K

Strategic fit: AI, STEM, technical education and future workforce.

Department / team to research: Corporate Responsibility / Education / Developer Relations

First-contact strategy: Position the Challenge as an AI-era student problem-solving movement; explore cash plus AI/STEM learning experiences.

Secondary path: \$50K-\$100K + AI/STEM resources

Likely obstacle: May prioritize technical programs with deep STEM specificity.

Leadership role: Founder for major AI partnership.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

25. Adobe

Sector	Score / Tier	Primary Planning Ask
Technology / Creativity	85 / A	\$75K-\$150K

Strategic fit: Creativity, digital skills, education and youth storytelling.

Department / team to research: Social Impact / Education

First-contact strategy: Lead with students communicating solutions through video, design and digital storytelling while building future-ready skills.

Secondary path: \$50K-\$75K + software/creative education

Likely obstacle: Need to connect creativity directly to measurable program outcomes.

Leadership role: Leadership after qualified engagement.

Required fellow action before outreach: Verify current official program/pathway, identify legitimate contact route, check CRM for prior relationship, document sources, and prepare a 3-5 sentence personalized opening.

FIRST-CONTACT MESSAGE FRAMEWORK

The fellow should not copy one generic email across all 25 accounts. Use this structure as a decision framework:

Step	Purpose
1. Recognition	One sentence showing why this specific organization is relevant.
2. Program	One concise sentence explaining the Student Impact Challenge.
3. Alignment	Connect the program to the organization's current verified priority.
4. Opportunity	Describe the type of partnership being explored without overloading the first message.
5. CTA	Ask for a 15-20 minute conversation or the correct person/pathway.
6. Proof	Include one concise credibility point; avoid unsupported scale or impact claims.
7. Attachment	Only attach a one-pager/media kit when useful or requested.

TOP 25 MEETING OBJECTIVE

The first executive meeting is a discovery meeting. Learn: current priorities, budget ownership, decision process, timing, geographic requirements, desired outcomes, activation interests, reporting expectations and the appropriate next step. The team should leave with either a defined next action or a clear reason the opportunity should be moved out of the 90-day pipeline.

FOUNDER / LEADERSHIP ENTRY POINT

Leadership should be used selectively. The founder should enter when there is a warm executive introduction, a credible \$75K-\$100K+ opportunity, a request for a senior conversation, a major proposal, a strategic negotiation, or a relationship where the founder's personal vision materially improves the close. Fellows should create leverage for leadership rather than forwarding every cold lead.

48-HOUR RESPONSE STANDARD

Any substantive response from a Top 25 account should be reviewed and answered promptly. If the fellow is uncertain about an ask, exclusivity, benefits, data, legal terms, celebrity involvement, media commitments or a \$50K+ opportunity, escalate instead of improvising.

NEXT DOCUMENT

Document 45 - Top 25 Personalized Outreach Message Book. This should provide a tailored first email, follow-up sequence, phone opening and LinkedIn message for each of these 25 executive accounts - while requiring current contact/pathway verification before use.
